*You
are
what
you
weld*

To Build a Ship.

We know that any undertaking of a welding job requires safety first. Doing

that with a sense of style is what Hot

Spot is all about. Whether you are in

Newport News working on a

Spruance-class destroyer, or in your

garage repairing your son's muffler,

You can count on Hot Spot.

Anselm Zx-23 Helmet

The Anselm ZX-23 Helmet is the finest and safest welding helmet on the market today. No other helmet offers the protection from heat extremes like this one! Many welders use this helmet when they go to federal buildings. The Anselm helmet is the official helmet of the Moroccan Luge team.

Italy

WZX23

\$177.00

Bogsendufer M-13 Goggles

Marius Bogsendorfer, the designer of these amazing goggles, puts it this way: "We formulated a special optical coating that will allow absolutely zero transmission of any kind of light whatsoever." Using a special patented concrete resin, these lenses will withstand years of abuse.

Germany

WGG14

\$25.14

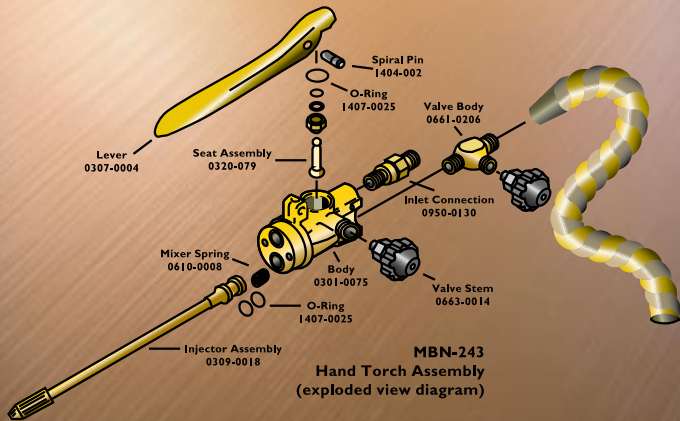

All-Suede Katzenberger Gloves

These gloves provide the ultimate in protection when working with cutting torch machinery. Inner silk lining prevents chapping and keeps hands soft and younger-looking. Three sizes to choose from, and 12 designer colors including Avocado and Harvest Gold.

WGL-05

\$13.36

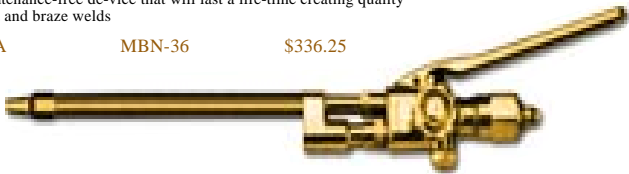

Hot Spot's own MBN-36 Hand-Held Welding Torch

just possibly the finest welding torch ever made. This torch is hand assembled at our Waterloo, WI plant. All components of the MBN-23 are replace-able. This torch is a self-cleaning, virtually maintenance-free de-vice that will last a life-time creating quality fillet and braze welds

USA

MBN-36

\$336.25

TOOLS

Welder's Flint by Sparco

This is the best and simplest sparking device in it's class. Guaranteed to keep sparking for 25 years.

USA WSF-9 \$15.22

Similar to the Model 301 AR/CD Argon Flowgauge Regulator, the Model 2 Single Stage Flow-meter Regulator is a one-piece, encapsulated seat design and a supply pressure gauge rating of 4000 PSIG.

USA WS2 \$107.55

Hot Spot's Model 301 AR/CD Argon Flowgauge Regulator

Standard equipment with all Lincoln braze kits. Also available as a stand-alone upgrade.. Features include a one-piece, encapsulated seat design and a supply pressure gauge rating of 4000 PSIG. Breather valve sold separately (see valves next page)

USA WS301 \$133.30

Map And Directions

Hot Shot Welding Supply was founded on the theory that the art and science of welding is perhaps the single most important vocation in the history of mankind. Great edifices such as the Eiffel Tower, Empire State Building, and the Auckland Harbour Bridge will live forever in the minds and hearts of all. This in no small measure is due to the welder. If you make bicycles, space shuttles, automobiles, buildings, conduits or anything that uses superheated metal to fuse and join and form, we have something in this catalogue for you.
